

MEDIA RELEASE

DATE: November 2, 2011

FOR IMMEDIATE RELEASE

The District of Mission is aware the City of Abbotsford voted to proceed with a P3 application for a new water source from Stave Lake. The District of Mission has not reconsidered its vote of April 4, 2011 to participate in the application for P3 funding with the City of Abbotsford.

The District of Mission will continue to look at other options to address our water source needs and will continue to work with Abbotsford through the Abbotsford Mission Water Sewer Commission, which is the joint system currently serving both communities.

As part of the discussion at the Abbotsford Mission Water Sewer Commission, the District of Mission will also examine with the City of Abbotsford how their application will affect Mission residents.
