

Lloyd Rash

Lifetime Achievement Award

Lloyd Rash came to Mission in 1963 and spent many years working for the District of Mission. Lloyd is being recognized today with the Lifetime Achievement Award for his long-term commitment to the Mission Sunrise Rotary Club and Fraser River Heritage Park.

Lloyd uses his experience and skills to serve his community quietly and without concern for recognition. Fraser River Heritage Park is one of the main beneficiaries of Lloyd's dedication to community. He was there as the park was being founded, serving on its Board of Directors, and has built or overseen the construction of many park buildings. Lloyd almost single-handedly built the administration building as a volunteer. He continues to service equipment, maintain park structures and trails, offer advice and, until recently, spent hours every weekend mowing the grass.

The Rotary Club also benefits enormously from Lloyd's countless volunteer hours. Lloyd invented and built portable dental chairs that can be carried to third world countries when dentistry aid is given and has learned to make artificial teeth for those served by the Rotary dental team.

Lloyd goes far beyond the Rotary motto of "service above self". When trees needed planting on the Silverdale Wetlands, Lloyd worked for days to transport trees and then brought his family in to help with planting. Lloyd is currently training to be a volunteer escort at Ferndale Institution.
