

## **Mady Pechler**

### **Arts and Culture Service Award**

Mady Pechler moved to Mission a few years ago from Holland and quickly established herself as an enthusiastic volunteer in our community. She is being recognized today with the Arts and Culture Service Award for her dedication to promoting the arts in our community.

Mady served two terms on the Board of Directors and became President of the Mission Arts Council last September. As both an artist and a patron of the arts, Mady promotes artistic spirit and cultural endeavours in the community through her graphic art designs. She organizes events to raise funds for arts programs and encourages others to pursue and participate in various art forms.

Mady spends a lot of time online, working to showcase local talent, promote art and highlight cultural interests and events in our community. She and her family are also involved in organizing, promoting and encouraging youth to participate in the Mission Soapbox Derby.
