CURRENT ZONING: Rural Residential 7 Zone (RR7)
PROPOSED ZONING: Rural Residential Secondary Dwelling Zone (RR7s)

Recommendation(s)

This report is for information purposes only, no action is required. Notification to the public will begin, and following notification, this application will be forwarded for Council consideration.

Rationale of Recommendation(s)

The rezoning proposal is consistent with the Official Community Plan (OCP) and Zoning Bylaw.

- The proposed development is located outside of the Urban Growth Boundary and conforms to the Rural Residential OCP designation which is characterized by larger residential lots on the fringe of urban areas not serviced by municipal water or sewer.
- The proposed RR7s zone would allow for a secondary dwelling in the form of a coach house or garden cottage. Support for the proposed zone can be found in the OCP, which states:
 - **Section 5.1.8** “Facilitate the development of affordable, rental and special needs housing through supporting multi-unit housing developments, small house/small lot housing, secondary suites, duplexes in appropriate locations, mixed market/non-market housing projects, coach houses, garden cottages and other innovative housing forms.”
 - **Section 5.1.20** “Allow detached suites such as garden cottages on all single detached lots with lot sizes that are able to appropriately accommodate an additional on-site parking space.”

Purpose

To allow for the construction of a secondary dwelling unit in the form of a garden cottage.
