NOTICE TO RESIDENTS
Water Infrastructure Renewal Program
Viola Place and Rose Avenue

As part of the Water Infrastructure Renewal Program, the City of Mission's Public Works Construction Crew will be completing a watermain upgrade at the above-noted location (site map provided on reverse). Construction is scheduled to begin the week of October 21, 2024, and work is anticipated to wrap up by February 2025, weather permitting. The proposed works will include:

- Watermain upgrades,
- Hydrant replacements,
- Full-width pavement restoration, and,
- Boulevard restoration.

Residents should be aware that Mission's watermain and the municipal water service line to each property are being replaced because the infrastructure has reached the end of its service life. You may wish to have your private plumbing inspected by a qualified person once the municipal system is replaced.

During construction, every effort will be made to minimize the inconvenience to residents however, with work of this nature, some inconvenience will be unavoidable, and we kindly ask for your patience and cooperation during this time. Throughout construction, traffic may be impacted on Viola Place and Rose Avenue, between 7:30 a.m. and 5:00 p.m., Tuesday to Friday, however, the Public Works crews will maintain access for residents.

If you have concerns about the ongoing construction, please contact Terry McColl, Utilities Projects Supervisor III at 604-814-1273. Should issues arise outside of normal working hours, 7:30 a.m. to 5:00 p.m., Monday through Friday, please contact the Public Works after-hours dispatch service at 604-820-3761 and they will contact staff to respond.

For more information, please visit the Water Infrastructure Renewal – Viola Place Project Page located on the City's website at:
