

## Conditions and Regulations of Memorial Markers

1. The licensee is hereby notified in accordance with the terms of the regulations under the "Cremation, Interment and Funeral Services Act" that Memorial Markers made only of granite, bronze or marble be permitted in the Cemetery. The Cemetery only allows flat memorials (flush with the ground) and that prior to the installation of the Memorial Marker on the above licensed grave space a payment must be made as outlined in the Cemetery Bylaw.
2. Each bronze memorial marker shall be attached to granite or concrete base not more than 3 inches thick with the side surfaces true and perpendicular with the top surface of the attached marker. The bronze should be as flush as possible or raised no more than 1 inch from base.
3. Bronze Memorial markers shall not have letters; figures or designs raised more the 0.5" above the surface of the base.
4. All memorial markers are to have a 3 inch border that must be unpolished and free of any ornamentation or design.
5. Finished memorials shall not include upright candle holders, vases, lanterns or surface mounted emblems that protrude 0.5" above the surface of the granite memorial or concrete base.
6. Each memorial marker shall not be less and no more than 3 inches thick and shall have its side surfaces true and perpendicular with its top surface.
  - a. On Adult size lot: 12"x20"x3" will now be 18"x26"x3", 12x20 area will be polished with 3" diameter that will be unpolished/cement. – full burial and cremation plots – **One marker only on adult size lots**
