**DISTRICT OF MISSION
BYLAW 3823-2005**

A Bylaw to regulate the discharge of sewage
from a holding tank located in the District of Mission

WHEREAS the regulation of the installation of a holding tank is now a Provincial responsibility'

AND WHEREAS the District of Mission wishes to regulate the discharge of sewage from a holding tank located in the Municipality;

NOW THEREFORE the Council of the District of Mission, in open meeting assembled, ENACTS AS FOLLOWS:

1. Title

This Bylaw may be cited as "District of Mission Holding Tank Sewage Regulation Bylaw 3823-2005."

2. Interpretation

In this Bylaw:

"contractor" means a person licenced to carry on a business in the District of Mission that includes the collection, transportation and discharge of sewage;

"holding tank" means a holding tank lawfully installed on real property in the District of Mission to hold sewage;

"Owner" includes the register owner of real property or a tenant in occupation thereof;

"sewage" means human excretion or the water-carried wastes from drinking, ablutions, culinary activities or laundering resulting from the occupation of real property serviced in whole or in part by a holding tank for sewage.

3. Regulations

(a) An Owner of real property in the District of Mission serviced in whole or in part with a holding tank must retain a contractor to collect, transport and discharge sewage generated from the real property.

(b) A contractor collecting sewage in the District of Mission must only discharge it at either:

- i. the Joint Abbotsford Mission Environmental Control System Treatment Plant located at 5954 Gladwin Road, Abbotsford, BC; or
- ii. the District of Mission Public Works Yard at 33835 Dewdney Trunk Road, Mission, BC.

- (c) Prior to discharging any sewage, a contractor must pay the applicable fee and complete the contractor's certification form attached as Schedule "A".
