

LATE ITEM: Regular Council Meeting – February 16, 2009 Item 3(d)

From: rexblane
To: dclark@mission.ca
Subject: "Meadowlands" Proposal.
Date: Tue, 10 Feb 2009 22:05:32 -0800

Dennis, Thank you for your message. At this point I would like to be scheduled as a delegation for next Monday Council meeting. Allowing that this is a substantial project involving many millions of dollars and is of great importance to the 10 property owners involved. I am requesting additional time beyond the 10 min. limit. I would request up to 20 mins. particularly as I would expect to answer questions from Council. I should mention that I will not have a copy of the report to Council until later this week. If there are items in it that require me to obtain additional information or to have the Architect available, that may not be achievable by next Monday. I am hoping that will not be the case and we can move forward as soon as possible.

Does Council simply receive the report for consideration or will one of the planning staff be making a presentation prior to or after my delegation. Please advise. Your assistance is very much appreciated. Regards Rex.
