## **FILMING IN THE DISTRICT OF MISSION**

Situated on a hillside overlooking the mighty Fraser River, the District of Mission offers a variety of unique natural and man-made venues for filming. Previous films in Mission have used the historic main street, vintage hotel, waterfront, privately owned ships on the river, saw mills and the Ruskin Hydro Dam. Many more site location possibilities exist in Mission. While Mission promotes film productions, we encourage activities that have a low impact on residents and businesses. Mission requires that production companies practice “no trace filming” that will leave the area used as is or in better condition than before. Specific fees are either listed in the Filming Application Package or are contained in the municipal bylaws, however fees for unique requests will be negotiated individually.

The District of Mission’s filming liaison can be reached at 604-820-3736 or [engineering@mission.ca](mailto:engineering@mission.ca) and will help you coordinate a successful film shoot within the District.
