

Mission Community Heritage Commission

The District of Mission Community Heritage Commission was established in January 2007. The Commission advises Council on heritage conservation issues and provides leadership in implementing the District's Heritage Strategic Plan.

As part of implementing the goals of the Strategic Plan each year the Commission strives to recognize individuals, buildings or places that have made an important contribution to the community.

This year as part of Heritage Week (February 17-23, 2020) and in recognition of this year's theme "Bringing the Past into the Future" the Commission chose to recognize businesses & industry that made an important contribution to our Community. The two include: **Eddy Match Co** and **Rex Cox Menswear**
